

# HIGH EFFICIENCY WHITE ACRYLIC

SLP's LM High Efficiency White Acrylic is a premium white acrylic sheet which provides both high transmission and excellent lamp hiding capabilities.

The diffusion comes from a combination of a very fine surface texture and special diffusing additives.

SLP's LM High Efficiency White Acrylic is an excellent choice for those applications where lamp hiding and transmission efficiency are required, while at a lower premium than frosted sheet.

LM Style 1 Light Transmission: 73%

LM Style 2 Light Transmission: 80%

LM Style 3 Light Transmission: 84%

MATTE SMOOTH ACRYLIC
